GENERAL INSTRUCTIONS

1. This form must be filled in completely (except shaded areas) and returned with the initial one year permit fee to the appropriate Region Office shown below, for each sign to be permitted.
2. All information must be completed by the sign owner or his representative. The shaded area will be completed by the Region prior to the issuing of the permit.
3. All applications completed by the applicant including all copies must be submitted with the proper fee for field inspection of the site and recommended for approval by the Region and the Outdoor Advertising Controls Coordinator before a permit will be issued.
4. Permits must be obtained prior to starting the construction or erection of the sign at the site.
5. After the permit is issued, the sign must be erected and completed in accordance with the approved application and the permit attached to the sign in a position that it is readily visible from the nearest highway direction of travel the sign is intended to be viewed from within 90 days from the receipt of the permit. The permittee is responsible for the proper placement of the permit on the sign and is also subject to all the penalties provided by law and is subject to prosecution for any illegal activities involving the permitted sign.
6. This application, and permit if it is issued, are governed by the Utah Outdoor Advertising Act, Utah Code Ann. Section 72-7-501 et seq., and Department rules made pursuant thereto.
